ELECTRIC LIGHT RATES CONSIDERABLY CUT FOR BIG USERS

PETITIONS OF SALOON MEN TO HAVE THEIR APPLICATIONS FOR LICENSES REHEARD IS TAKEN UNDER CONSIDERATION AND WILL BE HEARD DECEMBER 28—STORES, HOTELS AND PICTURE SHOWS BENEFIT BY LIGHT RATE CUT.

The board of city trustees met Monday evening with a full board present. Mr. Schober appeared before the board and asked that his petition for a liquor license be re-considered. The board agreed to take the matter under advisement. Mr. Bell also appeared with the same request and the same action was taken. The matter is to be taken up again on Monday, December 28th. The clerk was also instructed to cite S. J. Holliday to appear before the board on that date and show cause why his license should not be r voked.

Jack Payne appeared before the board in regard to the water running across his place and Trustees Charlton and Lambert were instructed to look into the matter and report as to what could be done.

City Electrician Bromley submitted new rates for electricity, which had been figured on the new rates paid for power to the Snow Mountain company and were adopted by the board to take effect November 25th for lighting purposes. The rate is as follows: 10 cents per kw hour for first 20 kw hours used per month; 7 cents for the next 30 kw hours used and 3 cents for all over 50 kw hours used a month. The minimum charge is 50 cents a month.

This rate does not effect the small consumer and the party who has been paying $2.00 or less will notice no difference. What has been costing $5, however, will be reduced to $3.90 and the person who has been paying $10 will find his bill cut to $6.40. The only consumers affected will be the stores, hotels and motion picture shows and other large consumers of lights.

AN X-RAY PHOTOGRAPH

An x-ray picture is on exhibiton in E. B. Gibson's window and is attracting considerable attention. It is the picture of a broken leg and was taken by Dr. Rea. The breaks in the bones are clearly defined.

TAX ASSOCIATION COMMITTEE NAMED

President Johnson of the Ukiah Farmers Club, who was empowered to appoint a committee to investigate the assessment and tax rate of this county at their last meeting, announces the committee as follows: Leslie Crawford, chairman; Geo. E. Jamison, H. T. Hopper, Chas. Kasch and George L. Magneson. It will be the purpose of this committee to go into the matter and try and secure an equalized assessment of the property of the county. The membership of the association will not be confined to farmers, but any tax payer will be welcomed. The Redwood Valley Improvement Club have endorsed the proposition and it is understood that a number of other organizations in the county will follow suit.

RESOLUTIONS ADOPTED FOR MODERN HIGHWAY

The following resolution was unanimously adopted by the delegates at the meeting Monday night called for the purpose of b ttering the transportation facilities between Ukiah, Potter and Upperlake:

RESOLVED, that it be the sense of this joint committee that each local committee return home and solicit subscriptions for a highway between Ukiah and Upperlake, with a width of 20 feet, equal to truck travel, and on plans and specifications to be hereafter approved.

AN ATTRACTIVE CALENDAR

The Ukiah Lumber & Warehouse Company is presenting its customers with some very attractive calendars in colors for 1915.

GROWNUPS HAVE A CHRISTMAS TREE

MEMBERS OF CULTUS CLUB ARE ENTERTAINED AT HOME OF MRS. W. D. L. HELD—REFRESHMENTS SERVED AND A DELIGHTFUL EVENING SPENT — MEMBERS JOKE WITH FATHER TIME AND ASSUME JUVENILE ROLES.

The regular meeting of the Cultus Club on December 15th was at the home of Mrs. W. D. L. Held. The meeting being the last before Xmas, the occasion was made a very festive one, and the guests entered thoroughly into the spirit of the entertainment as planned by the hostess, Mrs. Held and Mrs. Ida Brown.

The ladies played a joke on Father Time and the joy and abandon with which they sustained their parts and received from a real Santa Claus presents from the bountifully supplied and beautifully decorated Christmas tree, was sufficient testimonial that man (or woman) is no older than (he or she) feels.

The refreshments served in buffet style, were abundant and satisfying, and were of just such excellence as one might expect from the wellknown culinary art of the hostess.

When the fun was its height mirth was hushed as the beautiful strains of "Silent Night," as sung by Messrs. J. G. Thomas and Phillip Joseph and Mrs. Elma Thomas and Miss Louella Williams, floated to the room.

The element of surprise being so largely a factor of the evening's entertainment, contributed greatly to the enjoyment thereof.

WILL BE SENTENCED SATURDAY

Fox Burns, the Indian who was found guilty by a jury of manslaughter for the kil'ng of Chester Rich, was to have received his sentence Tuesday, but the matter has been put over until Saturday when it is understood that a motion for a new trial will be made. The jury went out about 2 o'clock and did not reach a verdict until about six the next afternoon. It is reported that the jury stood six to six most of the time.

JURY FINDS GEORGE A. FOX NOT GUILTY

The jury in the case of George A. Fox, charged with the larceny of some $8000 worth of diamonds from Mrs. Anna Grossman at Tom Tam's resort on Pine Mountain May 19th, found the defendant not guilty. The case had been postponed last week until Tuesday on account of the death of Juryman White's father. It went to the jury Wednesday afternoon at 2:30 and after being out about four and a half hours the verdict was brought in. Mrs. Anna Grossman, the prosecuting witness, was not present at the trial and it is reported that she is in New York. Her testimony at the preliminary examination was introduced by District Attorney Duncan. The defense claimed that if guilty at all Fox was only guilty of embezzlement as he was entrusted with the key to the grip by Mrs. Grossman, and that Mrs. Grossman must have known more than she told as she was not present to prosecute. District Attorney Duncan was assisted in the prosecution by District Attorney Elect Hale McCowen, Jr., and J. R. Thomas appeared for the plaintiff.

WINS MEDALS FOR BRAVERY

Herman Mattern received a letter from his sister in Germany recently in which it is stated that one of his brothers has won a number of medals for bravery and has also been advanced in rank. One of his exploits in capturing the colors of the enemy was considered the most heroic act of the war.

MINISTERS TO EDIT REPUBLICAN PRESS

The next issue of the Press will be edited by the ministers of Ukiah and already a number of requests have come to this office for extra copies to be sent to friends. While it is not an uncommon thing for the Xmas edition of papers to be turned over to the ministers, it is something that has never been done in Mendocino county before and everyone is anxious to see what kind of editors the ministers will be. We predict, however, that they will give you a good paper and that you will enjoy reading it.

NO "DANGER" THIS WEEK

The story "Danger" by Sir Conan Doyle, the opening chapter of which was announced for this week, has been omitted, as news and Christmas advertising have left us short of space. The publication of this story will be commenced either next week or in the issue of January 1st. It is one of the best stories of the age by one of the most popular authors.

THE FIRST BAPTIST CHURCH

Christmas sermons will be conducted on Sunday, December 20th, by the Pastor, Rev. A. V. Dahl, both morning and evening. The morning subject will be "The Light That Never Fails." "His Star," Math. 2.2. The evening topic "The Power of the Unseen." "Following the Star." The public is cordially invited to these services.

IMPROVEMENT CLUB WILL CO-OPERATE

The Redwood Valley Improvement Club at its meeting Saturday evening passed the following resolution:

WHEREAS, it has come to our notice that the Ukiah Farmers Club has inauguarated a movement to form a tax payers association for the purpose of investigating the taxation of property in Mendocino county, therefore be it

RESOLVED, that the Redwood Valley Improvement Club, at its regular session on December 12th, does hereby commend such action and does express its sympathy with such a movement and does unanimously vote to cooperate in any endeavor to adjust the assessed valuation and taxes of this county.

THE THREE PER CENT MONEY CONCERN OUT

CHIEF JUSTICE HUNTER OF THE PROVINCIAL COURT OF BRITISH COLUMBIA HAS MADE AN ORDER TO WIND UP THE BUSINESS OF THE NATIONAL MERCANTILE COMPANY — PUBLIC LIQUIDATION BECAUSE SUITS THREATENED.

VANCOUVER (B. C.), December 10.—An order for the winding up of the National Mercantile Company, a concern which has done a business running into millions of dollars in home loan contracts in scores of cities in Canada and the United States, was made today by Chief Justice Hunter of the Provincial Court.

The concern was recently debarred from the use of Canadian mails on the ground that it was conducting a lottery. Some of its officers had previously been indicted by a Grand Jury in Seattle. The Chief Justice suggested in court that the company might move to Seattle from Vancouver, but counsel apparently did not relish this suggestion.

The company has palatial offices here and is now engaged in erecting a fine headquarters building. A public liquidation is desired because suits are threatened.

This is the concern that the Press warned its subscribers against some weeks ago when an article was published from State Building and Loan Commissioner Walker.

PRATHER WINS MANY PRIZES IN S. F. SHOW

County Clerk Elect Prather is a regular winner, not only as a politician, but as a breeder of hares and guinea pigs. At the San Francisco Poultry show last week he won two cups, fourteen ribbons, five diplomas and $4, in competition with the best bred stock in the state. He won the cup offered by the Pacific Coast Pet Stock Association for the best display of hares and by the National New Zealand Hare Club, for the best New Zealand buck. On four guinea pigs entered he won three first prizes.

FARM BUREAU CENTER IS TO BE ORGANIZED ON SATURDAY

OVER THIRTY OF THE FARMERS OF UKIAH VALLEY HAVE PETIONED FOR THE ORGANIZATION OF THE UKIAH FARM BUREAU CENTER AND A MEETING IS CALLED FOR THE ASSEMBLY ROOM OF THE TOWN HALL.

The Ukiah Farmers will meet tomorrow afternoon at 2 o'clock at the assembly hall in the town hall and organize the Ukiah Farm Bureau Center. Thirty odd farmers of Ukiah Valley have signed a petition calling for the meeting and mean business. Everyone is invited who favors the idea. As soon as the organization is perfected the members will immediately get to work to increase their membership and it is expected that the Ukiah Center will be one of the largest in the county.

The farm bureaurs and farm advisers have proved of great benefit to the farmers in the eastern states and where they have been secureed in California the farmers are very enthusiastic. In Humboldt county, particularly, the farm adviser has been very valuable, a notable instance being his discovery of large deposits of lime in Humbodlt county, which is a particularly efficient fertilizer in this section. Through his efforts the farmers of Humboldt county are enabled to secure lime at a price much below the commercial lime and at a price which enables them to use it freely on their lands with the result of a greatly increased production of valuable crops.

The salary of the farm adviser is paid by the United tates government and the office is under the direct supervison of the University of California. The only expense the county is to is to pay his traveling expenses. This is the only possible chance the farmer has to receive any direct return from the taxes he pays which go to support the federal government and the largest benefit he can receive from the taxes he pays to support the county.

If it should prove in this particular county (which of course it will not) that the farm adviser and the organization of the farmers for their mutual benefit, was a failure, the whole thing could be discontinued. The proof that it is a success is in the fact that there has never been a farm adviser discontinued when one has been secured. Several counties have secured more than one and many counties are applying for the benefit.

It is urgently requested that the farmers of Ukiah Valley attend this meeting and make the organization a success. In every walk of life from the manufacturers to the laborers, there are organizations with the view of protecting the rights of the members. The farmer is the man who produces all of the wealth of the country and yet he is the poorest organized and receives the poorest pay for the hardest toil. The farm bueau center enables you to know your neighbor and to work in harmony with him. The benefits to be derived from organization are worth the cost of the farm adviser, even if every memeber of the farm center was a university graduate in addition to being a practical farmer.

The Little Lake Farm Bureau Center is taking a great interest in the organization of the Ukiah bureau. Their bureau has now over 100 members and is steadily increasing. Mrs. L. A. Little, the president, reports that she is in receipt of many letters from other sections of the county inquiring as to hom to organize and she expects to take the field early in January and travel over the county organizing other ections. She reports the movement has been well received everywhere and that she is confident of success.

REBEKAHS ELECT OFFICERS

At the me:ting of Cornelia Rebekah lodge Monday night the following officers were elected for the ensuing term: Catherine Sloper, N. G.; Katherine Foster, V. G.; Kate Prather, Sec.; Laura Shattuck, Treas. It was decided that a public installation would be held January 11th. Each member will be privileged to invite two guests for the occasion.

To My Little Friends:—As I write this I am getting ready to pay you a visit. I hope you will call at Headquarters — FOSTER'S STORE — and see the many things intended for the Xmas stockings. Also do not forget to select presents for Mama, Papa, Brother and Sister. I am sure they have been very good and deserve to be remembered. I have so many towns to visit that I cannot be with you before Xmas, but a letter will reach me if left at my Headquarters. I shall visit you again the night before Xmas, to give all good little boys and girls (and big ones to) all that their hearts desire. If possible I shall come in my big automobile, but if the roads are muddy I shall use my airship, and if it is snowing I shall come in the big sleigh, drawn by sixteen reindeer. If you hear the honk of the horn or the jingle of he sleigh bells, keep your heads covered up and do not peep or I shall run away. Now mind me as you would your Mama or Papa.

Your loving,

SAMPLE ROOMS AND STORE BEING BUILT

OLD LANDMARK IS BEING TORN DOWN TO MAKE WAY FOR PROGRESS AFTER DOING DUTY FOR FIFTY YEARS. MODERN SAMPLE ROOMS AND STORE BUILDING TO TAKE ITS PLACE.

Henry Marks has let the contract to Walter B. Dickie for the erection of a brick building 30 feet deep and extending back from the Cecille Hotel to Main street and work has already been commenced. The building will be one story high and the part adjoining the Cecille will be used by Manager Frumkin as sample rooms. The corner will have a plate glass front and be fited as a store.

To make way for the new building the old Perkins residence at the rear of the Cecille is being torn down. This house has long been a landmark and was erected about fifty years ago and is one of the first buildings to be built in this city. It was considered a very modern residence in its time and was occupied by the Perkins family as a residence for many years.

FORMER RESIDENT IS CALLED TO REST

Mrs. J. W. Webb was stricken with paralysis on November 13th at Modesto and after a painless illness, passed away peacefully on November 15th. The deceased will be remembered here as the wife of Rev. J. W. Webb, who was at one time pastor of the Christian church in Ukiah and also taught in the public schools here. The deceased was 75 years old and had been married 53 years, and for over 60 years had been a member of the Christian church. Besides the bereaved husband, four children survive her—Elizabeth, Alta and Ernest Webb and Mrs. Emily W. Giesy—and four grandsons. The deceased will be remembered as a kindly lady who was a devout Christian and her many friends in this county will regret to learn of her death.

REO AGENT LAMBERT MAKES ANNOUNCEMENT

George Lambert, local agent for the Reo Automobile company, has just received word form the factory announcing the new Reo cars for 1915. He is very much pleased to learn the specifications of the new car, the Incomparable Four and the New Model Six, which has just appeared on the market. These cars have all the latest improvements, such as the Cantilever springs, easiest riding springs made, and the Worm Bevel driving gear, only known in the highest grade cars, and numerous other improvements making it the most up-to-date car on the market.

The prices of the new cars is the main attraction, selling at much less than any other comparable car.

Mr. Lambert is now taking orders for the new models and there is no doubt but what the Reo will have one of the best selling, as well as the best made cars, on the market for the coming season. He is so well pleased with the new models that he said "seeing them will convince any one that they are the car to buy."

Demonstrator will be on hand about January 1st.

EXAMINATION TO BE HELD

A preliminary examination for the designation of candidates to take the mental examination for appointment to the United States Military Academy, to fill the vacancy from the First District of California which is subject to the appointment of Hon. William Kent, will be held on January 6, 1915, under the direction of the U. S. Civil Service Commission, at various points throughout the First District.

The examination will consume one day, and will be on the following subjects: Algebra, Geometry, Grammar, Geography, United States History, General History.

The three candidates for designation obtaining the highest percentages in this examination will be designated to take the mental entrance examination held by the War Department on the last Tuesday in March, 1915, the candidate obtaining the highest percentage being designated as principal, and the other two first and second alternates, respectively, in the order of their percentages.

Applicants for admission to this preliminary examination should signify their desire to participate by writing or telegraphing to Congressman Kent prior to December 26th, 1914, as that is the last date upon which applications can be received, whereupon full instructions relative to the examination will be sent them.

Grand Jury Adjourns After Year's Labors

Recommends Unanimously the Building of Additions to Court House. Recommends Raise in Salary of Sheriff, Tax Collector and Assessor. Would Stop Seining for Steelhead and Salmon in County Streams.

To the Honorable J. Q. White, Judge of the Superior Court of the County of Mendocino, State of California:

The Grand Jury, for the year 1914, herewith renders its final report as follows:

This Grand Jury was empaneled on the 17th day of December, 1914, and has held four sessions, aggregating eight days.

It has found and returned ten indictments during its term.

REPORT OF EXPERT

Under authority given it by law, and with the approval of your Honor, it employed C. C. Smith to expert the books, accounts and proceedings of the Board of Supervisors, for the time beginning with the fiscal year, July 1st, 1913. The report of the said expert has been duly made and filed and is attached hereto.

It appearing from said report that there were small errors in a number of the bills allowed by the Board of Supervisors, which were designated in said report, and that there were some other matters of larger import referred to, at the request of the Grand Jury, the Board of Supervisors met with it and these matters were called to their attention.

The Navarro Bridge

The matter of the building of the Navarro bridge, without calling for bids, was explained by the board as being an emergency matter due to the very heavy storms last winter which required such prompt action that it was not practicable to call for bids for the work in the usual way. That, therefore, the Board, under authority of law, given to them in such cases, authorized Supervisor Reynolds to have this work done without calling for bids, at a cost not to exceed $16,000, and they informed the Jury that the work was practically completed and that the cost would be less than the above sum.

Small Errors Explained

The attention of the Board being called to the errors mentioned in the expert's report, they asked time to investigate and later filed with the Jury a written explanation, stating that upon careful investigation, they found that the most of these bills did contain small errors, some in favor of the county and some against the county, and that upon computing the total of gains and losses, there was only some six or seven dollars of resulting error against the county, and that this would be straightened out and corrected, so that the county would sustain no loss.

The Tax Rate

As much comment has been made in regard to the high tax rate this year, the jury questioned the Board in regard to the causes for the same and were informed that the excess was due to several causes, among which were the heavy damages to bridges, caused by the unusually severe storms and freshets of last winter; the loss to the county of something over $30,000 revenue heretofore obtained from poll taxes, which were abolished by the vote of the people at the last election, the increased expense for elections, due to the new primary law, and the expenditures made necessary by the State Highway, likewise voted by the people; and the building of the road from Dos Rios to Round Valley.

Grand Jury Satisfied

The Grand Jury went into this matter in no very amiable mood, but after hearing the statements of the Board, and considering the facts carefully, feels that it is but fair to say that the Board was placed in a very trying situation, for which they were in the most part, not to blame.

The explanation of the Board of Supervisors is also attached to this report.

The Grand Jury learned that the Board of Supervisors had already appointed experts to examine the books and accounts of all the other county officers, and report to it on the same, and therefore, no experts was appointed by the Grand Jury for any of the offices except that of the Board of Supervisors.

The Jury has examined all of the county offices, and the County Hospital and finds them generally well conducted.

There are, however, certain matters relative to some of them which it thinks demands particular attention, and the Jury reports more fully in relation thereto as follows:

County Recorder's Office

We find in this office that the window casings are broken and falling to pieces; that a number of lights are broken and that the furniture needs re-varnishing to preserve it; that the walls around the wood box are damaged; that the accommodations for books are inadequate; that the index books of the deeds and mortgages are in a dilapidated condition, and that there is danger that some of the leaves will be lost, and we recommend that these matters be all given due attention by the proper authorities as early as possible.

Sheriff's Office

We find that the accommodations of the jail which is attached to this office are quite inadequate for the number of prisoners and we recommend that additional cells be added according to the original design and that the building be re-painted.

County Auditor's Office

We find that the office of the Auditor is leaking and quite damp on one side on account of the bad condition of the roof. Also that it has very poor ventilation and that on this account the air of the room becomes so foul that it is offensive. We also find that there is not sufficient space in the office to properly store the many valuable records necessary to keep there, and to afford proper room for the work. It is also in need of certain other small repairs, but we understand that steps have been taken to attend to these.

Office of School Superintendent

There is but one room for this office, and it is entirely inadequate for the books and records necessary to be kept there, and to afford working space.

The books and records have to be piled on the floor in an unsightly manner, and in such way that damage and injury to the same cannot be avoided.

The Assessor's Office

The linoleum is in bad condition and needs re-placing.

Tax Collector's Office

This office we find is totally inadequate to properly do the work of the office and care for the records of the same. It is but one room and the space so limited that it is impossible to place the assessment rolls so that they can be conveniently or economically used. Th y have to be piled one on top of another and continuously be pulled out and opened one on top of another.

This is not only a great inconvenience to the public, but constantly damages the rolls which are valuable permanent records, and should be carefully preserved. The working space for the officer and his associates is also entirely too small.

County Clerk's Office

In the County Clerk's office we find the linoleum and floor in bad condition.

Treasurer's Office

This office seems to be in good condition and there is no complaint for lack of room.

District Attorney's Office

We find everything in very good shape in the District Attorney's office and no complaint.

County Surveyor

There is no room in the court house or any of the county buildings for this office, and the county is renting an outside office for the same.

Office of Public Administrator and Coroner

Like the County Surveyor the Public Administrator and Coroner has no room in the court house on account of lack of room and offices for his use are being hired n the outside.

We also find that there is no place for the storage and safe keeping of many of the valuable records of the county and that they are being piled away either in garrets or in store rooms where they are not available for use, and cannot be properly cared for, and are in danger of total loss by fire.

Would Enlarge Court House

As there seems to be great and pressing need for more space for a number of the offices now in the court house, and no room whatever for some of the county officials, compelling the renting of outside offices for the same, the Jury carefully considered what recommendations it ought to make on the subject, and at its request a conference was had with the Supervisors in regard to it, and the Jury was informed by the members of the Board that this matter had been for a long time under consideration by the Supervisors and that they had given it careful attention, and considered numerous ways of providing for the necessary room and facilities for the proper conduct of the business of the ounty, and had finally concluded that the cheapest and best plan would be to add two wings to the present court house, one on the north and one on the south, by which the present building could be carefully utilized and extra room provided to meet not only the

UKIAH'S CARNEGIE LIBRARY

One of the public building of which Ukiah is exceedingly proud is the new Carnegie public library. It is an imposing and commodious building standing on South State street, just at the point where the residence and business sections of the town meet. The institution is presided over by Mrs. I. S. Perkins, as librarian, who has proven herself to be both efficient and accommodating. The lot on which the building stands has a 60 foot frontage on State street and is 100 feet deep and was donated by the citizens of Ukiah through the efforts of a number of the ladies, who took an active interest in securing the library for Ukiah. The building is fire proof and cost $8000. Its construction was commenced September 19, 1913, and it was completed April 10, 1914. The dedication occurred April 16, of this year. Its shelves now contain over 3300 volumes. That it is appreciated by the citizens of Ukiah is shown from the fact that 13,348 persons visited the library during the year ending June 30, 1914. Between 700 and 800 books are loaned each month. The attendance is constantly on the increase, the figures for September being 1155, October, 1457, and November, 1368.

(Continued from page 10)

the County Surveyor have a deputy at a salary of $1200 per annum, said deputy to be appointed by the principal and paid at the same time and in the same manner as the other county officers; that it be the Surveyor's duty, without further compensation, to plat, trace, blue print, or otherwise, make all county, township, road, district, assessor's, and other maps for the county of which he is surveyor, and perform all of the other duties of his office as required by law, and that he bring up to date the present plat books or present ownership books so as to show the names of the present owners of the lands of the county, and keep up these books each year; all without additional compensation. Also that the Surveyor's office shall be kept open for the accommodation of the public, the same as the other county officers.

This office is at present on a per diem basis, the Surveyor being allowed by law $10 per day for his services and in addition thereto his transportation and expenses when engaged in field work.

While perhaps not known by the general public, the cost to the county of this office under the present system is greater than it will be under the proposed change.

Further, there are certain duties prescribed by law for the County Surveyor, which have never been done by him, particularly, the making and keeping up of the tract or present ownership books for the use of the Assessor and the public. While the law states that this shall be his duty, there seems to have been more or less controversy about it, and the surveyor has never done this work. These books are now sadly behind, some of them have not been brought up for ten years, and all of them are in arrears.

They are a vital necessity to the Assessor, as without them it is impossible for him to properly check and make correct assessments, and the present condition of the books has resulted in many errors in the assessment rolls, and it will be necessary in the near future to have these books brought up and from careful inquiry we find that it will cost anywhere from five to ten thousand dollars to do this work.

Under the proposed change the County Surveyor will have to bring up these books and keep them up without any further compensation than his salary which will be in itself a great saving to the county.

In conclusion on this subject, we call attention to the fact that the only offices in which the compensation has been increased under our recommendations, are the offices of Sheriff and Tax Collector. The compensation of the Assessor under the proposed schedule will be considerably less than he has heretofore received, but it is changed from a fee and salary basis to a flat salary.

County Hospital

We find the hospital well kept and generally in very good condition, but call attention to the following:

The agateware in the kitchen and dining room is in bad condition and we recommend that new crockery cups, saucers and plates be purchased to take the place of the ware now in use. Also that a new meat block and meat block scraper be procured and that a separate room be arranged for the milk so that it will not be kept in the ice room with the meat.

In the laundry room we find the furnace and boiler in need of repair.

We also find the urinals small and in bad shape and recommend that better ones be put in.

We find that there are 62 patients all told on the roll. In this connection we call attention to the fact that the expenditures for indigents in the county, appear to be increasing rapidly. This increased expenditure, however, is not in the maintenance of the County Hospital, but particularly in allowances made to indigents who are outside of the hospital living elsewhere. We recommend that the Board of Supervisors in considering applications from indigents, to use every reasonable means of ascertaining whether or not the applicants are proper and meritorious subjects for county help.

We also recommend that where applicants for permanent county help have property and no near relatives, that they turn over to the county said proptrey.

Violations of Law in Selling Liquor

As there have been and are, frequent and persistent violations of the law relative to selling liquor in dry territory, we respectfully recommend that hereafter where convictions are had for this offense, or where the parties plead guilty to the same, that the judicial officer having jurisdiction of these matters, impose heavier fines than have heretofore been done.

Want Salmon Protected

We recommend that our epresentative in the legislature if possible, secure the passage of a law prohibiting the taking of salmon or salmon trout by means of seines in any of the streams in Mendocino county.

Keep Public Record

We recommend that the purchasing agent for the Board of Supervisors keep a book open for the inspection of the public, of all purchases for the county, together with the dates and amounts of the samy, and from whom and for what purpose.

Respectfully submitted,
W. P. THOMAS, Foreman.
F. O. STRONG, Secretary.

ORDER TO SHOW CAUSE WHY SALE OF REAL ESTATE SHOULD NOT BE MADE.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF MENDOCINO.

In the Matter of the Estate of ANNIE CUNNINGHAM, Deceased.

Order to Show Cause Why Order of Sale of Real Estate Should Not be Made.

Frank M. Cunningham, Administrator of the Estate of Annie Cunningham, deceased, having on this 10th day of December, A. D., 1914, presented and filed in this Court, his verified petition for an Order of Sale of all the real property of the above named decedent, said property so petitioned to be sold being fully described in said petition for order of sale, and being bounded and particularly described as follows, to wit:

An undivided 40-98 interest in property known as the home place just East of Ukiah, Mendocino County, California, described as follows, to wit:

E½ of Lot 23 of Healey's Survey of the Rancho Yokayo, and being the E½ of the tract of land whereon John R. Short formerly resided, the said tract being separated from the West half of said Lot by a line running parallel with the Western boundary of said Lot, dividing said Lot into two equal parts, and being the same premises conveyed to John Phipps by deed by John P. Smit on the 28th day of September, 1869, which deed is recorded in Book of Deeds Number 3, on page 682, and following, and containing 82 acres, more or less.

An undivided 1-6 interest, in what is known as the Vineyard Tract situate near Ukiah, Mendocino County, California, described as follows, to wit:

Beginning at a point on the West line of Lot 3 of Hastings Suburban Addition to Ukiah City, said point being in the center of the road leading from Ukiah to Cloverdale, and 45 links due West of the Southeast corner of said County road, and Hastings avenue; thence from said point of beginning, South 6 deg. East along the center of said road 19.85 chains; thence S. 88½ deg., E. 10.66½ chains along the northerly line of Cox's land, to a stake set in the fence; thence N. 60 deg. W. 20.11 chains to the South line of Hastings Avenue, and thence West along the South line of Hastings Avenue to the place of beginning, 10.06 chains, and containing 20 acres of land, being a portion of Lots 3 and 4 of Hastings Suburban Addition to Ukiah City, reference being made to map now on file in the office of the County Recorder of Mendocino County, California.

An undivided 1-6 interest in Catholic Cemetery lot near Ukiah, California, described as follows, to wit:

A tract of land situated about one mile North of the Town of Ukiah City and described as follows: Bounded on the North by land of D. A. Fake, on the East by the Odd Fellow's Cemetery, and on the South and West by the road leading from Ukiah to Mendocino City; containing in all 5½ acres, excepting one acre, heretofore deeded for the Catholic Cemetery, and a right of way 20 feet in width from the County Road to said Cemetery.

An undivided 1-18 interest in the following described timber land, situate in the County of Mendocino, State of California, and described as follows, to wit:, The NE¼ of the NE¼ of Section 11 and the S½ of the SW¼ of Section 2, Twp. 15 N., R. 13 W., M. D. M.

An undivided 1-12 interest in the following described timber land situate in Mendocino County State of California, the SW¼ of the SE¼ of Section 2, and the NW¼ of the NE¼ of Section 11; NW¼ of NW¼ and SE¼ of NW¼ of Section 12, Twp. 15 N., R. 13 W., M. D. M.

And it appearing from said verified petition that it is necessary to sell the real property set out in said Petition and the whole thereof, to pay the debts, charges and expenses of administration which have accrued and which will or may accrue, and claims which may possibly be presented against said estate, and also that it is for the best interests, advantage and benefit of said estate, and of all persons interested therein, that said property be sold,

IT IS, THEREFORE, ORDERED, BY THE HONORABLE J. Q. WHITE, JUDGE OF THE SUPERIOR COURT OF THE COUNTY OF MENDOCINO, STATE OF CALIFORNIA, that all persons interested in the estate of Annie Cunningham, Deceased, appear before said Superior Court on Monday, the 11th day of January, A. D., 1915, at the hour of ten o'clock in the A. M. of said day at the Court Room of said Court at the Court House in the Town of Ukiah City, County of Mendocino, State of California, then and there to show cause if any they have why an order should not be granted to the Administrator, directing him to sell the real property set out and described in said Petition for Order of Sale in the manner petitioned to be sold, and for the reasons and purposes set out in said petition.

IT IS FURTHER ORDERED, that a copy of this order be published for at least four successive weeks prior to said day of January, A. D., 1915, in the Ukiah Republican Press, a newspaper printed and published weekly in the County of Mendocino, State of California.

Dated this 10th day of December, 1914.
